Geographic coverage of the Organization	Peje, Decan and Junik;
Description of the Organization	<p>The Destination Management Organization (DMO- West) is a business oriented initiative that will provide overall coordination in destination development and destination marketing. Furthermore, one of the other functions of the DMO will be to support development and promotion of sustainable tourism in order to attract visitors and generate significant economic benefits in the region through the joint work with local authorities, businesses, public agencies, and strategic partnerships with relevant stakeholders. Furthermore, DMO will provide sustainable tourism data and analyzes for all his members in case of investments or other related activities to tourism.</p> <p>Regarding the nature of the organisation, it finds itself somewhere in the middle as a Commerce Chamber and Tourism Commerce Chamber;</p> <p>It took a bit above one year to its foundation, and its operative since October 2015.</p> <p>The model of OMD is the same as the organisation in Sangal, Switzerland.</p> <p>Why this organisation is a very useful and powerful facilitator, is because it bounds three municipalities (Decan, Junik and Peja). It makes it easier to conclude paper works and decisions about any kind of activity. Otherwise it would take too long to have something approved by each municipality separately.</p>

Main Priorities of the Organization	<p>The DMO mission is to offer specialized and professional services to tourism-based business and other relevant tourism actors to support economic development through the sustainable use of its tourism attractions, cultural and natural heritage, as well as through its traditional hospitality services in harmony with environment and the social interests of its population. Some basic services and functions that OMD aims more specifically, are:</p> <p>Basic Visitors Services (comprehensive visitor information)</p> <p>Maintenance system for public good infrastructure, information boards, road and trail signage, rest areas, parks, sports facilities</p> <p>Coordination with local and regional organizations and institution ( lobbying, strategic planning functions and identification of strategic business areas</p> <p>Service for tourism MSMEs; Information, incl. tourism database and statistics, information on products</p> <p>Research (visitor surveys, supply side surveys, market studies)</p> <p>Strategic Destination Planning (Saint Galen Model)</p> <p>Business counseling</p>
Activities of the Organization	<p>OMD has organized 134 activities, including: meetings, interviews, consulting and much more, just for four months. The organisation gained the trust of everyone since the beginning and other partners immediately created a tight relationship with it.</p> <p>The activities that OMD offers are brand new in Kosovo's market.</p> <p>Internal destination development (IDD)</p> <p>Development of new, public good type attractions and activities (extended destination offer) based on strategic visitors flows;</p> <p>Support the development of new strategic private sector attractions based on tourists demands</p> <p>External destination marketing (EDM)</p> <p>Development of promotional toolkit addressed to strategic visitors flows;</p> <p>Development and implementation of strategic marketing plan addressed to existing and potential tourists.</p>

Memberships in other Networks	Municipalities of Peja, Decan and Junik, private businesses, public agencies, civil society organizations (local and international, like GIZ, CTF), other tourism stakeholders, Swiss Contact PPSE;
Success Stories of the Organization	<p>OMD's most successful activity is the participation of the organisation at the tourism fair in Prishtina, to promote the activities that the organisation offers.</p> <p>In addition, since positive results has been demonstrated from OMD by consulting, training the businesses that plan to be founded, or is already founded, a lot of other organisations and businesses are interested to collaborate with the OMD.</p>
